

# **Local Hazard Mitigation Plan Review Crosswalk**

## Plan Review Crosswalk

The following Plan Review Crosswalks are based on the *Local Multi-Hazard Mitigation Planning Guidance*, published by FEMA, dated July 1, 2008. This Plan Review Crosswalk is consistent with the *Disaster Mitigation Act of 2000* (P.L. 106-390), enacted October 30, 2000 and *44 CFR Part 201 – Mitigation Planning, Interim Final Rule* (the Rule), published February 26, 2002.

Both the Washington and the FEMA crosswalks are placed here to assist the reviewer in determining that the plan meets the requirements of the above legislation, and to provide a tool for the planners to use in continuously evaluating and improving the plan and, more importantly, using the plan to effect changes in policy and property to minimize the impacts of both natural and man-made disasters.
